ONLINE: How to Teach Online for the Classroom Teacher

A response to Coronavirus and other interruptions to instruction: being prepared for teaching continuity while children and teachers are in different locations.

As we all face unanticipated situations and challenges, we are confident in the opportunities for our educational community to address the new demands in reaching and teaching our students online.

As educators we know that technology is a means, and now a must, to enhance student learning. Moving classroom learning online can be an uncomfortable thought for teachers-especially those who have never taught, or perhaps not even ever taken an online class.

In this course, teachers go through the process of preparing to teach online while also being introduced to tools and resources that can be useful when teaching online. **Classroom teachers can quickly transition to becoming effective online teachers.**

Standards:

This course aligns to the INTASC Standards including Learning Differences, Learning Environments, Content Knowledge, Assessment and Planning for Instruction.

It also aligns to the McRel Teacher Evaluation Standards including Teacher Leadership, Diverse Learners, Teachers Know Content and Teachers Facilitate Learning.
