

Special Education and Behavioral Health

Standards:

This course aligns to the INTASC Standards including Learner Development, Learning Differences, Learning Environments, Content Knowledge, Assessment, Planning for Instruction and Instructional Strategies.

It also aligns to all of the McRel Teacher Evaluation Standards including Teacher Leadership, Diverse Learners, Teachers Know Content, Teachers Facilitate Learning and Teachers Analyze and Reflect.

Through this course, teachers explore behavioral health training that is culturally responsive and trauma and evidence informed. Teachers also gain an increasing awareness of practices relating to educating students with disabilities in the classroom, including Child Find and inclusive learning environments.

The first section of this course presents a basic understanding of warning signs of early-onset mental illness in children and adolescents.

The second section focuses on Attention Deficit Hyperactivity Disorder (ADHD). Teachers are provided with a variety of tips, adaptations, and classroom strategies.
